

The International Towing and Recovery Hall of Fame and Museum is proud to announce the launch of the towing industry Survivor Fund. The Survivor Fund has been established to help the families of the men and women that have made the ultimate sacrifice in the line of service. Our goal is to raise \$500,000 for the Survivor Fund by the time the Wall of the Fallen is unveiled on September 9, 2006 in Chattanooga, TN.

REMEMBER WHY YOU GOT INTO THIS BUSINESS?

Our Industry Needs Your Support.

The Wall of the Fallen will be unveiled September 9, 2006.

Wall of the Fallen

The Wall of the Fallen is a memorial that is being built on the museum's property in Chattanooga, TN. Our memorial wall will display individual names to honor and recognize the sacrifice of each man and woman killed in the line of service in the towing and recovery industry.

Ford Truck Giveaway

The museum is currently selling tickets for a drawing to raise money for the Survivor Fund. Ford Motor Company has participated in providing a 2007 Ford F-150 XLT for this important industry fundraiser. Tickets are \$10 each and available at quantity discounts. Tickets can be purchased through the Survivor Fund and will be on hand at various tow shows throughout the year. The truck will be given away in November of 2006.
